

TEST PRACTICE GREENHEALTH - HEALTHCARE FACILITY
WITH NO BEDS — no.1680138

Partner Recognition (No Beds) - 2016: EPP

Introduction

Environmentally Preferable Purchasing (EPP) is an integral part of a facility's sustainability program and permeates almost every functional area of a hospital or healthcare facility. EPP questions are distributed throughout this application in different sections--so the end users of the products and services can answer the questions and indicate their progress in EPP in their departments. **Practice Greenhealth's EPP Specifications and Resources Guide** can provide staff with useful EPP tools and resources.

The questions below cover EPP infrastructure and purchasing issues not found elsewhere in the PR Award application.

Infrastructure for EPP

1. Has the **facility** engaged supply chain leadership in sustainability activities at the **hospital** level?

- ☒ Yes
☐ No
☐ Not Applicable

Please share your key supply chain contact at the facility:

1.a Name:

1.b Title:

1.c Email address:

2. Has the facility engaged with supply chain leadership on environmentally preferable purchasing at the **corporate/system level**?

- ☒ Yes
☐ No
☐ Not Applicable

Please indicate system-level contact:

2.a Name:

2.b Title:

2.c Email:

3. Has a senior leadership or C-Suite representative signed Practice Greenhealth's **Environmentally Preferable Purchasing (EPP) Pledge**?

- ☐ Yes
☐ No
☐ Not Applicable

Learn more about Practice Greenhealth's **Environmentally Preferable Purchasing (EPP) Pledge**.
