Environmental Goals for Last Year

1.

As part of an environmental compliance check, Practice Greenhealth requires applicants to find their facility on the US EPA ECHO website for calendar year 2023 via the **ECHO Database**. Please copy and paste the **ECHO URL** for your facility here:

2.

What was the result of your US EPA ECHO search? Select all that apply:

☐ I found my facility and there were NO violations

☐ I found my facility and there WERE violations

☐ I could not find my facility

☐ My facility has had violations that do not show up in ECHO

3.

If any environmental violations exist (in ECHO or otherwise), please contact our Data Coordinator, Chris Bodkin at 603-491-6106 or **cbodkin@practicegreenhealth.org**. Also, in just a few sentences, please describe the issue and the status or resolution of those violations. If you have already contacted Chris Bodkin, please note approximate date of conversation or email chain.

4.

Are you a first-time Award Applicant?

☐ Yes

☐ No

5.

In what **EPA Region** is your facility located (Region 1-10)? If your facility is located outside the United States, please use zero. If you are a business with multiple EPA regions, please select zero.

What were your facility's or organization's environmental and sustainability goals for 2023? Goals should be measurable. Please report on the progress you've made toward these goals in Table A with a few sentences of explanation for each. A minimum of three goals or projects is required; you may enter up to five organizational goals. Consider developing **SMART Goals**

Note: If you are filling out Goals for the System for Change Award, please list only system-wide environmental and sustainability goals.
