What is sustainability?

- Doing the right thing...*from a sustainability perspective*

sus.tain'abil'i.ty:

n., the ability to meet the needs of the present
without compromising the ability of future
generations to meet their own needs.

Why is Sustainability important to Legacy?

Sustainability is critical to our mission

Our Legacy is good health, for:

- Our people
- Our patients
- Our communities
- Our world

Above all, we will **do the right thing.**

Sustainability Program Areas

- Engaged leadership
- Healthy food
- Energy and water resource management
- Safer chemicals
- Less waste
- Environmentally preferable purchasing
- Employee commute options

The illustration features a yellow sun in the top left, a green hill in the center with a cyclist, and several green wind turbines on the right. A blue building with a flag is on the left, with blue lines representing water or energy flowing from it. The background is a light blue sky with white clouds.

Caring for patients... and the planet.
