

NEW DATE

06.15.16

12:00 PM – 4:00 PM

THE
POWER BEHIND
HIGH-PERFORMANCE
HOSPITALS

New date. Same focus.

Our Power Behind the Performance event will now take place on June 15.

Discover how an integrated energy system can help:

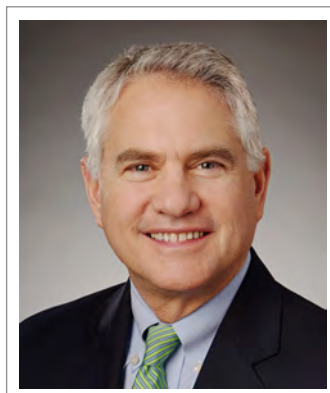

- Enhance reliability and provide 100% redundancy for power needs
- Improve traditional system efficiency – from 30-35% to 70-73%
- Provide tangible environmental and sustainability benefits
- Reduce overall energy costs

Join us on June 15 for lunch, a productive healthcare dialogue and a tour of Princeton Healthcare System's new facility.

[RSVP >](#)

*This is an invitation-only event. Space is limited.
We request no heels or open-toe shoes.*
