

PRACTICE GREENHEALTH PRESENTS

A CELEBRATION OF
**Outstanding
Environmental
Achievement**

PRESENTED BY

PRACTICE
Greenhealth

Dear Friends and Colleagues,

Welcome to CleanMed and the 15th annual celebration of the Practice Greenhealth Environmental Excellence Awards.

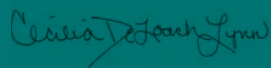

Over the past fifteen years, the Environmental Excellence Awards program has grown from just 53 awards to the 602 awards being recognized tonight. And Practice Greenhealth has grown from a voluntary EPA-funded partnership program focused primarily on recycling and mercury elimination to a robust membership organization and learning community with a multi-dimensional focus on the range of ways hospitals can protect public health through more environmentally responsible operations and smarter purchasing. We've truly seen a paradigm shift in the way hospitals approach and value this work.

This year, the awards program grew by more than 18%—due in large part to the Veterans Health Administration's commitment to make these awards a standard part of their sustainability reporting. Tonight we celebrate 99 first-time award winners—a tremendous achievement. Likewise, we celebrate an incredibly competitive battle for the Top 25 hospitals—with 8 first-time inductees in 2017. The increasing level of participation in the awards program reflects healthcare's growing commitment to this important work. Hospitals are anchor institutions in our communities and are leading by example—helping patients, staff and their communities understand that cleaner air, water, energy, and safer and more sustainable foods and materials can play a role in better protecting and promoting health. At the same time, these programs continue to demonstrate a strong financial ROI as well as myriad intangible benefits such as safer workplaces for staff, increased staff engagement, recruitment and retention opportunities, and support for a better patient experience.

For tonight's award celebration we will be asking the majority of award winners to stand at their seats and be recognized. The Top 25 winners and our individual awards—the Visionary Leader and the Greening the OR Leadership Awards—will be recognized on stage. Please join me in celebrating each of the dedicated professionals who work so hard every day to reduce the environmental footprint of healthcare. We are honored to be a part of your work—offering you the important tools and resources you need to advocate for sustainability in health care, and strengthen your commitment to environmental excellence.

Congratulations on another impressive year of outstanding achievement!

HONOREES

Circles of Excellence

The Circles of Excellence Awards celebrate sustainability programs that excel in a given category (in contrast to awards given for overall achievement). The winners presented below have achieved top scores in each of the following categories:

LEADERSHIP CIRCLE

It all starts with leadership. The Leadership Circle represents the top performers with a strong infrastructure supporting a long-term commitment to healthier environments through committee structure, reporting, data tracking, communication and education.

Bon Secours St. Francis, Downtown

VHA 12 Clement J. Zablocki VA Medical Center
VHA 23 Minneapolis VA Health Care System
VHA 23 St. Cloud VA Healthcare System
Virginia Mason Hospital & Seattle Medical Center

LESS WASTE CIRCLE

The hospitals in this Circle have excelled in waste prevention and material handling, demonstrated through high recycling rates, low regulated medical waste generation and low rates of total waste generated per patient day. These mature programs address all facets of the complex health care waste stream.

CHEMICALS CIRCLE

This circle celebrates facilities with sound chemical reduction policies and practices. Winners address toxicity through greener cleaning programs, and avoidance of chemicals of concern when purchasing products, services and equipment. Elimination of mercury and education of staff on hazardous chemicals is paramount.

HONOREES

HEALTHY FOOD CIRCLE

The Food Circle highlights leaders in sustainable food services, capturing leadership in meat and sugar-sweetened beverage reduction, healthier meat procurement, local sourcing, food waste prevention and management. Top contenders have written policies and have an educational strategy that addresses the food system as a critical component in an overall sustainability plan—for human and planetary health.

ENERGY CIRCLE

The Energy Circle celebrates hospitals that are leading the sector in energy efficiency and strategic energy use planning. Leaders generally have energy managers and written programs to reduce energy use over time. They are tracking energy use intensity, have begun the transition to renewable energy sources, and share details on comprehensive project implementation and staff engagement strategies.

Be Recognized for your Commitment to Excellence

Practice Greenhealth Environmental Excellence Award winners are the hospitals, health care providers and organizations of the future. You are innovative and progressive, finding imaginative ways to take environmental programs to the next level. To recognize this creativity and commitment to excellence, Practice Greenhealth presents these awards each year to recognize your sustainability efforts.

Winning an award encourages your employees to take pride in their work and their affiliation with your organization. It shows your community that you care about their health and the health of the surrounding environment. It provides you with a platform to get publicity and recognition for your efforts in your organization, your community and nationally among your peers.

Don't miss this opportunity to shine a light on your great work!
