

PRACTICE GREENHEALTH PRESENTS

A CELEBRATION OF
**Outstanding
Environmental
Achievement**

PRESENTED BY

PRACTICE
Greenhealth

Dear Friends and Colleagues,

Welcome to CleanMed and the 16th annual celebration of the Practice Greenhealth Environmental Excellence Awards. These awards honor hospitals and health systems that are building sustainability into their mission and their operations — and are finding ways to excel, innovate and thrive despite other pressing health care priorities. We are thrilled to be here to showcase their exceptional work.

Over the past sixteen years, the Environmental Excellence Awards program has grown from just 53 awards to the 567 awards being recognized tonight. Practice Greenhealth and Health Care Without Harm have linked arms with hospitals and health systems, suppliers and service providers, patients and communities across the country — and strengthened each other in our resolve to support healthy people on a healthy planet. Today, we have hospitals who are completely energy independent, hospitals who have reinvented the concept of healthy hospital food while supporting a sustainable food system, and hospitals who have used their voices and their buying power to change the way health care products are made — avoiding a range of toxic chemicals in furniture, cleaning products, medical devices and building materials — to name a few.

And while this room collectively shares pride in leading their organizations to do the “right” thing, hospitals continue to realize a myriad of other co-benefits, including increased innovation, deeper employee engagement, a strong linkage to population and community health and wellness initiatives, safer work environments and saving critical health care dollars that can be reinvested in high quality patient care. Together, hospitals in this room reported saving more than \$108 million in 2017 on environmental programs.

For tonight’s award celebration we will be asking the majority of award winners to stand at their seats and be recognized. The Top 25 winners and our individual awards — the Visionary Leader award and the Greening the OR Leadership award — will be recognized on stage. Please join me in celebrating each of the dedicated professionals who work so hard every day to help hospitals become an anchor for healthy communities, and a model for environmentally responsible and resilient operations. Congratulations on another impressive year of outstanding achievement!

Warmest Regards,

Cecilia DeLoach Lynn

HONOREES

THE TOP 25 ENVIRONMENTAL EXCELLENCE AWARDS

The Top 25 Environmental Excellence Awards is Practice Greenhealth's highest honor for hospitals. Selected from the pool of Partner for Change applicants, these hospitals are leading the industry in all-around sustainability performance, demonstrating comprehensive programs and are illustrating how sustainability is entrenched in their organizational culture. Each year, the competition for these top spots increases, as hospitals across the country continue to innovate.

Circles of Excellence Honorees

The Circle of Excellence Awards celebrate hospitals who have not only earned an award for all-around sustainability achievement, but who have also been identified as the top scoring programs for each category of sustainability.

LEADERSHIP CIRCLE

It all starts with leadership. The Leadership Circle represents high-performing hospitals that have a strong infrastructure supporting a long-term commitment to healthier environments through leadership vision, committee structure, reporting, data tracking, communication and education.

VHA 21 VA Palo Alto Health Care System
VHA 23 Iowa City VA Medical Center
VHA 23 Minneapolis VA Health Care System
VHA 23 St. Cloud VA Healthcare System

LESS WASTE CIRCLE

The hospitals in this Circle have excelled in waste prevention and material handling, demonstrated through high recycling rates, low regulated medical waste generation and a focus on minimizing the total volume of waste generated by the facility. These mature programs address all facets of the complex health care waste stream.

Harborview Medical Center
HealthPartners
Memorial Sloan-Kettering Cancer Center
Metro Health, University of Michigan Health Hospital
The University of Vermont Medical Center
VHA 23 Minneapolis VA Health Care System

CHEMICALS CIRCLE

The Chemicals Circle celebrates facilities with sound chemical reduction policies and practices. Winners address toxicity through greener cleaning programs, and avoidance of chemicals of concern when purchasing products, services and equipment. Elimination of mercury and education of staff on hazardous chemicals is paramount.

Advocate Health Care
Hackensack Meridian Health, Hackensack University Medical Center

VHA 07 Ralph H. Johnson VA Medical Center
VHA 21 VA Southern Nevada Healthcare System
VHA 23 Minneapolis VA Health Care System

GREENING THE OR CIRCLE

The Greening the OR Circle acknowledges leadership in implementation and innovation in the surgical department. Leaders in this Circle demonstrated innovative approaches to waste minimization, clinical plastics recycling, reformulation of OR kits, single-use device reprocessing, use of reusable sterilization cases, and a range of other programs and associated metrics in their operating rooms.

HONOREES

HEALTHY FOOD CIRCLE

The Food Circle highlights leaders in sustainable food services, capturing leadership in meat reduction, procurement of better meat, local and sustainable sourcing, improving access to tap water and healthy beverages, supporting healthy food access, and preventing food waste. Top contenders have strong policies, and have an educational strategy that addresses the food system as a critical component in an overall sustainability plan—for human and planetary health.

VHA 08 VA Caribbean Healthcare System

ENERGY CIRCLE

The Energy Circle celebrates hospitals that are leading the sector in energy efficiency and strategic energy use planning. Leaders generally have energy managers and written programs to reduce energy use over time. They are tracking energy use intensity, have begun the transition to renewable energy sources, and shared details on comprehensive project implementation and staff engagement strategies.

VHA 08 C.W. Bill Young VA Medical Center
VHA 23 Minneapolis VA Health Care System
VHA 23 St. Cloud VA Healthcare System

WATER CIRCLE

The Water Circle recognizes hospitals for exemplary programs in water conservation and efficiency. These early adopters boast fewer gallons of water consumption per square foot, tracking of implemented conservation projects, written plans to reduce water consumption over time and continue to innovate in driving down water usage.

VHA 21 San Francisco VA Health Care System
VHA 22 Loma Linda Healthcare System
VHA 23 Minneapolis VA Health Care System
VHA 23 St. Cloud VA Healthcare System

CLIMATE CIRCLE

The Climate Circle highlights visionary hospitals taking the lead on tracking and measurement of CO₂ emissions, and overall climate program development. Hospitals in this Circle demonstrate an understanding of the health impacts of climate change and are taking action to mitigate those impacts, and educate their staff and communities on playing a supporting role.

GREEN BUILDING CIRCLE

The Green Building Circle is presented to hospitals that have demonstrated LEED certification and other innovative green building achievements over the past five years. These hospitals emphasize policies that show a commitment to LEED construction standards for all major new builds or renovations. Their achievements include energy and water efficiency, safer materials, regional sourcing, integration of nature and other mechanisms to create high-performance healing environments.

Visionary Leader Award

This award recognizes extraordinary leadership and innovation in addressing the connections between human and environmental health while driving sustainable operations.

Bob Biggio, Senior Vice President, Facilities &
Support Services, Boston Medical Center

Greening the OR Leadership Award

Practice Greenhealth is excited to recognize sustainability and innovation in the operating room with a competitive award that recognizes the one top facility working to reduce the environmental impact of its surgical suites. All Partner for Change applicants were considered for this award, along with facilities that completed a separate Greening the OR Award application.

Memorial Sloan Kettering Cancer Center

Greenhealth Emerald Award

The Greenhealth Emerald Award recognizes outstanding hospitals from within the Partner for Change applicants. This competitive award recognizes the top 20 percent of applicants and is focused on advanced sustainability programs and exemplary scores in a range of categories.

COMMUNICATION TOOLKIT.

Be Recognized for your Commitment to Excellence

Practice Greenhealth Environmental Excellence Award winners are the hospitals, health care providers and organizations of the future. You are innovative and progressive—finding imaginative ways to take environmental programs to the next level. To recognize this creativity and commitment to excellence, Practice Greenhealth presents these awards each year to recognize your sustainability efforts.

Winning an award encourages your employees to take pride in their work and their affiliation with your organization. It shows your community that you care about their health and the health of the surrounding environment. It provides you with a platform to get publicity and recognition for your efforts within your organization, your community and nationally amongst your peers.

Don't miss this opportunity to shine a light on your great work!

Practice Greenhealth 2018 Environmental Excellence Awards

AWARDS CEREMONY & GALA DINNER SPONSOR

Practice Greenhealth gratefully acknowledges the support of our sponsors.
Without their generosity, this evening would not have been possible.
